line 6: manto possibly mantle?

line 26: pinnars not understood but I think correctly transcribed

line 41: whist = possibly wrist

line 46: fillet = a narrow strip of ribbon often worn as a headband

line 51: quince - not recognised in this context but might refer to an embroidered piece of cloth

latin: can't translate all of this

#### Transcriber notes

The two versions A & B have discrepancies with the values and A has been written in an unusual manner so I have transcribed both.

A has got an addendum after the initial signing and I have entered it there.

I don't understand where the additional £1 10s has come from but it is possibly from the addendum.
